By signing this document I am requesting the privilege for my child to drive to and from school. I understand that my child has limited vehicle rights while parked on school property. I understand that parking is a privilege and offered on a first come first serve basis. I understand this privilege can be revoked at anytime. Western CUSD #12 is not responsible for damages or loss of personal property. I also agree that the listed passengers are allowed to ride to and from school with my student driver. In addition, I am advised that a passenger's inappropriate action can negatively affect my student drivers driving privileges.
